Listing of stock companies

454. SHRI MURLI DEORA: Will the Minister of FINANCE be pleased to state:

(a) whether several listed companies shares are not traded on the bourses and if so, the reasons therefor and what efforts are being made in that respect so that shareholders may not be losers;

(b) the number of listed companies whose registered corporate offices are not traceable, State-wise;

(c) what action has been taken or completed against such companies who are defrauding the investors; and

(d) whether some companies had listed their shares on OTCEI and if so, on what bourses their shares are traded now and if not, what action has been taken against the promoters of such companies?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI S.S. PALANIMANICKAM): (a) The Securites and Exchange Board of India (SEBI) has informed that liquidity is not available in several listed companies shares. Enhancing liquidity in the market has always been on SEBI's agenda. SEBI had advised the Stock Exchange, Mumbai (BSE) to operationalise the scheme for improving liquidity in thinly traded scrips and had approved the proposal of OTCEI on the single call auction market mechanism to address the problem of liquidity.

The Ministry of Company Affairs has informed that at present, there are 122 listed companies which are treated as vanishing companies. Criteria for identifying vanishing companies are as under:—

(i) Companies, which have not complied with listing requirements/ filing requirements of stock exchange/ROC respectively for a period of 2 years; and

(ii) No correspondence has been received by the exchange from the company for a long time; and

(iii) No office of the company is located at the mentioned registered office address at the time of Stock Exchange inspection.

(b) and (c) The latest position regarding State-wise action taken against vanishing companies, their Directors/Promoters, is given in the enclose Statement (*See* below).

(d) The Securities and Exchange Board of India has informed that earlier there was exclusive listing requirement on OTCEI for companies with post issue paid up capital of less than 3 crores. However, vide amendment made in 2003, companies listed in OTCEI could also be listed in other exchanges. As per the information made available by OTCEI, out of 112 companies listed in OTCEI, securities of 5 companies listed on OTCEI are also listed in other exchanges. The trading of companies shares on exchanges is dependent on market forces and as a result action against promoters for non-trading of shares of companies does not arise.

Statement
